

## Parent + Child Workshops

Monthly workshops are carefully chosen to be fun for all ages, and even more fun for kids and grown-ups to work on together. Advanced registration is required. Price is for one parent+child duo and covers all materials, supplies and instruction.

### September– Sun Catcher Mobiles

It's time to capture those last few rays of sunshine. What better way than to craft your very own sun catcher? We'll teach you how to use upcycled Mason jar lids and nature's bounty to create a magical mobile. Your masterpiece will add some sparkle to your home décor. The light filtering through your floral sun catcher will bring a snippet of summer joy to the dreariest winter days.

9/16 2pm \$15 non-members / \$12 members

### October – Pumpkin Decorating

A Halloween classic! Come get fall festive with us and jazz up your very own carve-free Jack-O-Lantern. Turn these plain pumpkins into a monster-mash of ghosts and ghouls, witches and robots. You can make it as spooky (or sparkly) as you want with paint, stickers, glitter, and more— your only limits are your own imagination!

### November—Tissue Paper Candle Holders

A project that's fun and functional—not to mention beautiful! We have everything you need to make a vibrant candle holder: Modge Podge, mason jars, and a rainbow-range of tissue paper in every color under the sun. Make it elegant, quirky, or simple—the important thing is you're making it together, and making memories too!
